

Tips for Student Learning during video conferencing in [Meet](#) or [Zoom](#)

Before Video Conferencing

Get Ready: check for any email messages for times and materials that you will need for your learning today

Check your Technology: check that your connection is working and ready to join the virtual Meet or Zoom on your device

Set up a Learning Space: have your device and any materials you need near you. Sit or stand in a space that will have few distractions.

Dress appropriately and be ready to be on your camera: Front lighting will help to ensure your face is visible. Sit or stand with your face and shoulders centred in the camera frame.

Check your background: ensure a simple and appropriate space will be viewed behind you. It is also an option to use virtual backgrounds in Meet and Zoom.

During Video Conferencing

Be Ready: As you click the link to join your Meet or Zoom, take a breath and be ready to join your class. Check your mic/camera.

Be on Time: Joining a few minutes early is best.

Listen for Expectations and follow Directions: Listen carefully for directions like when to turn your camera or mic on/off! Click [HERE](#) for more about Meet

Say Goodbye: Before you leave, make sure you know what time to return and what work is expected of you before you say goodbye.

Follow Up: Connect with your teacher to:

- Make sure you know what is being asked of you.
- Ask your teacher any questions and for clarification.
- Share your thinking.
